#### Working at ITER

The ITER Organization brings together people from all over the world to be part of a thrilling human adventure in southern France—building the ITER Tokamak. We require the best people in every domain.

We offer challenging full time assignments in a wide range of areas and encourage applications from candidates with all levels of experience, from recent graduates to experienced professionals. Applications from under-represented ITER Members and from female candidates are strongly encouraged as the ITER Organization supports diversity and gender equality in the workplace.

Our working environment is truly multi-cultural, with 29 different nationalities represented among staff. The ITER Organization [Code of Conduct](#) gives guidance in matters of professional ethics to all staff and serves as reference for the public with regards to the standards of conduct that third parties are entitled to expect when dealing with the ITER Organization.

The south of France is blessed with a very privileged living environment and a mild and sunny climate. The ITER Project is based in Saint Paul-lez-Durance, located between the southern Alps and the Mediterranean Sea—an area offering every conceivable sporting, leisure and cultural opportunity.

[Important Information](#)

**IO staff will apply through internal career site in SuccessFactors portal.**

Special notice for IO vacancies: the appointment to a position may be made at a lower grade if the qualifications and professional experience of the selected applicant correspond to that grade; in this case, the duties and responsibilities assigned will be adjusted accordingly. Extensive experience in similar jobs (involving similar work responsibilities) and/or additional training certificates in relevant domains may be considered a reasonable substitute for the required educational degree.

The deadline is 10 minutes before midnight, Central European Time (GMT+1, or GMT+2 from the last Sunday in March until the last Sunday in October).

Once you have completed your application, please be sure to log out and log back in again to check that your application is properly registered in the system. You should see the jobs which you have applied for in the "[Job Management / Jobs Applied](#)" section.

Further to completing your application correctly, you will receive an automatic e-mail confirming that you applied for a position at ITER Organization. To avoid our email being spammed, which may sometimes happen, please add "no-reply@iter.org" e-mail address to your safe sender address list.

Candidates who have applied for positions at ITER and, following the Selection Panel assessment, have not been selected but have been recognised to have the relevant competencies, may be endorsed by the Director General to be part of a Roster Membership and be considered for positions with similar functions that may arise in the meantime or in the future.

タイトルをクリックすると公募詳細が表示されます。

The screenshot shows the 'Career Opportunities' search results page on the 'iter' website. The page has a yellow header with the 'iter' logo and navigation links for 'Sign In' and 'Language' (set to 'English UK (English UK)'). The main content area is titled 'Career Opportunities' and 'Search for Openings'. On the left, there is a search filter sidebar with the following options: 'Keywords' (set to 'IT'), 'Exact Match' (unchecked), 'in job title' (selected), 'in job title or description' (unchecked), 'Main Job Area' (set to 'Any'), and 'Category' (set to 'Any'). Below these filters, it says '1 Jobs match the selections' and there are 'Clear' and 'Search Jobs' buttons, along with a 'Save this search' link. The main results area shows '1 Jobs matched your search'. It includes pagination controls (Items per page: 10, Page 1 of 1) and sorting options (Sort by: Date Posted, ascending). A single job listing is displayed: 'IT Responsible Officer' (highlighted with a red box), 'Req ID 1122', 'Posted on 06/11/2019 - Information Technology - New Posting', and a 'Select Action' button.

The ITER Organization brings together people from all over the world to be part of a thrilling human adventure in southern France—building the ITER Tokamak. We require the best people in every domain.

We offer challenging full time assignments in a wide range of areas and encourage applications from candidates with all levels of experience, from recent graduates to experienced professionals. Applications from under-represented ITER Members and from female candidates are strongly encouraged as the ITER Organization supports diversity and gender equality in the workplace.

Our working environment is truly multi-cultural, with 29 different nationalities represented among staff. All employees are entitled to expect when dealing with the ITER Organization.

The south of France is blessed with a very privileged living environment and a mild and sunny climate. The area offers a wide range of cultural opportunities.

### Application deadline:

**Domain:** Corporate

**Department:** Human Resources

**Division:** Not Applicable

**Section:** Remuneration, Performance & Employment

**Job Family:** Line Management

**Job Role:** Director of Office

**Job Grade:** D1

**Language requirements:** Fluent in English (written & spoken)

**Contract duration:** Up to 5 years

[Not translated in selected language]

### Important Information:

- Maintains a strong commitment to the implementation and perpetuation of the ITER Safety Program, ITER Values (Trust; Loyalty; Integrity; Excellence; Team mind set; Diversity and Inclusiveness) and Code of Conduct.
- Implements the technical control of the Protection Important Activities, as well as their propagation to the entire supply chain;
- May be requested to work on beryllium-containing components. In this case, you will be required to follow the established ITER Beryllium Management Program for working safely with beryllium. Training and support will be provided by the ITER Organization;
- May be required to work outside ITER Organization reference working hours, including nights, weekends and public holidays;
- May be requested to be part of any of the project/construction teams and to perform other duties in support of the project;
- In response to requests from the Director-General (DG) and/or Department/Office Head, or proactively, informs the DG/ Department/Office Head of any important and urgent issues that cannot be handled by the concerned line management and may jeopardize the achievement of the Project's objectives.
- ITER Core technical competencies of 1) Nuclear Safety, environment, Radioprotection and pressured equipment 2) Occupational Health, safety security 3) Quality assurance processes will be acquired through on-board training at basic understanding level for all ITER staff members.

The screenshot shows the ITER Career Opportunities website. The top navigation bar includes links for HOME, JOB SEARCH, JOB MANAGEMENT, PASSWORD MANAGEMENT, and MY PROFILE. The user is logged in as TestTaro TestYamada. The main content area is divided into three columns: Job Search, Job Management, and My Profile. The My Profile column contains a link to 'Update your profile!' which is highlighted with a red box and a mouse cursor.

Welcome to the Career Opportunities site, TestTaro! We have several tools to help you find your next new job.

**Job Search**  
Take a look at our current job openings. You can search, filter, and sort jobs to find the right one for you.  
There are 3 open jobs. [Start your search now!](#)

**Job Management**  
You can track and manage the jobs you have found. Use our organisational tools to save jobs to review later, see the status of jobs you have applied for, and create job alerts so you will be notified when relevant jobs are posted.  
You have 1 saved job application. [Finish your saved applications.](#)  
You have applied for 1 job. [View status or add attachments on your applied jobs.](#)  
You have 1 job alert. [View or edit your job alerts.](#)

**My Profile**  
[Come and join us!](#)  
Thank you for your interest in the ITER Organization!  
  
- NEW USER: If this is your first time to apply for an ITER position, please FIRST consult our current job offers at <http://iter.profiles.org/Pages/Offers/OfferEngine.aspx>. After clicking on the "Apply" button at the bottom of the job offer page, you will be guided to register in the system and then apply to jobs.  
  
- IMPORTANT: When you have completed your application ensure that you submit or save your application. Please log out and log in again to check that your application is properly registered. You should see the applied jobs in "My applications".
